ASHRAE KC Chapter

WhirlyBall Social Event

Thursday - February 4, 2016
From 5:00 to 8:00 PM

What is WhirlyBall?

WhirlyBall is the ultimate team sport. WhirlyBall involves normally sane people using a plastic scoop to pass and propel a whiffle ball to a backboard to score…. all while driving an electronically powered machine called a Whirly-bug that looks like a bumper car, but drives differently with twice the power. Young and old, male and female, jock and not so jock can play and EVERYONE loves it! Groups of any size, in a teams of five on five, and with the help of a professional referee, will have a bang up time trying to out-score the competition. Up to 60 people per hour can play.

Since WhirlyBall is a relatively new sport, everyone has the same skill (or lack thereof) which makes it all the more fun.

Some call it a sport. Others call it a lesson in humility!
